Be sure to check out the Hungarian arch that is being preserved on Kalassay Drive! The detailed craftsmanship that was uncovered when the arch was cleaned is tremendous. The decorative Hungarian folk art carved on the arch will be painted in the traditional bright colors. What a treat to have this Hungarian treasure right here on our campus. Donations can be made to Bethlen Communities and earmarked Kalassay Arch Preservation.

During the warm summer days, please remind your family and friends of the speed limit when driving through our campus. Slow down and watch for scooters and people walking their dogs. We want to ensure the safety of all.

Thank you.
